

To the Members of the California State Assembly:

I am returning Assembly Bill 2468 without my signature.

I have vetoed similar legislation dealing with the cost of instructional materials in prior years. Current law already provides safeguards against California paying higher prices for instructional materials than any other state or school district in the entire country. Moreover, I continue to believe that California should always focus on providing the highest quality of educational materials for our students.

For these reasons, I am unable to sign this bill.

Sincerely,

Arnold Schwarzenegger
